Corrigendum

Page 37, first paragraph of second column should read:

The incompetence of the United Nations has exposed its representatives and forces to violent acts of harassment and to arrests, which pose a challenge to the Organization's credibility and prestige. In order for UNPROFOR to discharge the tasks entrusted to it, my country is fully ready to dispatch forces to participate in the protection of the safe areas and cities in Bosnia and in the provision of humanitarian assistance to its people. We pledge this despite the burden of the war which foreign interference caused to be prolonged for three decades in my country. We also pledge this motivated by our obligations towards humanity and our membership in the United Nations in pursuance of consolidating international legitimacy.
